It is not known how the Executive Engineer could refused the payment on the basis of the GO 14th June 1927 as the Contribution referred to in the order had been sanctioned as a Special Case as the Mysore city municipality The Secy P W Dept may be Consulted in the matter

CK 20/7

In the view put forward by the Accountant the usual contribution may perhaps be ordered to be paid

25/7

There is another point where the question of the Executive Engineer's refusal to pay the Corporation's bill arises. This was dealt with in the judgment of Mr Justice [illegible] 25/7

The Collector's put up below (Tag R)

OFFICE OF THE PRESIDENT
CITY MUNICIPAL COUNCIL MYSORE

Date 13th July 1928

A 264

FROM

T G RAMA IYER ESQ ,B A ,
President City Municipal Council
MYSORE

mc 92-28-1

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore

BANGALORE

CHIEF SECRETARY
14 JULY 1928

SIR

I have the honour to state that a contribution of about Rs 5,000 was being paid annually by the P W Department for the maintenance of provincial roads within the City Municipal limits A requisition fr was made to the Executive Engineer Mysore Division on 23rd June 1928 to remit the usual contribution of Rs 5,765/- due for the year 1927-28 In reply he states in his letter No 2070 dated 26th June 1928 that no amount is due to the Municipality as per Government Order No L 8856-82/Ml 237-26-1 dated 14th June 1927 as the Municipality has to maintain such roads out of their own Funds

In this connection I beg to state that the Provinial roads within the Municipal limits of this City have to be maintained at a higher standard of effigiency than the finandial resources of this Municipal council would permit The motor bus traffic on these roads has been bringing in an appreciable revenue to Government at the enhanced rate and no part of it is shared by the Municipal Council

The provincial roads within the City limits are more than 14 miles in length, and owing to heavy traffic, they require repairs every year The upkeep of these roads costs much more than the Government contribution

P T O

7

The Executive Engineer's letter referred to above was considered by the Municipal Council in their meeting dated 30th June 1928, and it was resolved that Government may be moved for continuing the contribution at an increased milegae rate A copy of the Resolution is enclosed

I accordingly request that you may be so good as to move Government to issue instructions for the continuance of the contribution and to increase the rate with reference to the revenue derived from the motor bus traffic.

I have the honour to be,

Sir,

Your most obedient servant

PRESIDENT
